

Cassette Type C2

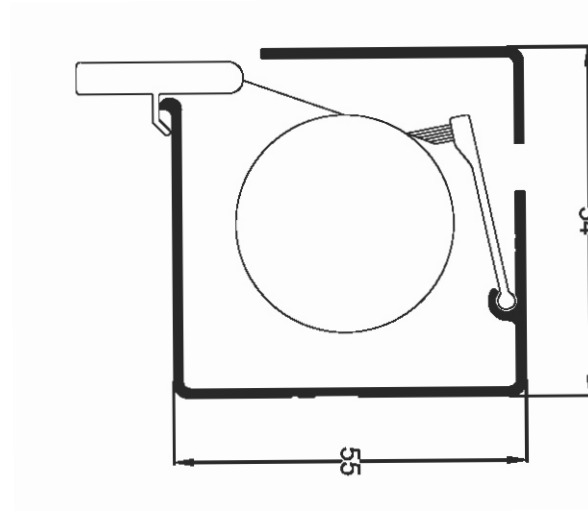

Maximum Width	2200
Maximum Drop Chain	3400
Spring	3400
Motorised 24V	3400
Multistop	3400

cassette C2 with tube
and tubular motor inside

cassette with tube, spring
and reflector foil

The 24V motor pulls the blind across until any desired position. For opening the motor reverses and the spring pulls the blind material back into its cassette.
2 narrow bands/straps will be visible when the blind is open.
